

Commissioner Kevin O'Neill
Springfield, Ohio City Commission
76 East High Street
Springfield, Ohio 45502

May 20, 2013

The Honorable Robert Portman
United States Senate
338 Russell Senate Office
Washington D.C. 20510

Dear Senator Portman,

I am a local independent businessman, working and living in Springfield for well over thirty years. I am a twenty-one year veteran Springfield City Commissioner, and I need your help!

This issue you have been asked to intervene in, regarding the clean up process at the Tremont Barrel Fill Site, is not just a serious issue but the most important health, safety, and economic issue still facing Springfield and Clark County for over twenty-one years.

The existing potential of Springfield's well fields being contaminated is REAL! We can not continue to listen to "maybes" and "ifs" about this critical issue. We need the right action now! Senator Portman, 82,000 citizens need your help today!

Please contact me at 937-206-1393 with your response. I need assurance that you can and will help. We need action now!

Sincerely,

A handwritten signature in black ink that reads "Kevin O'Neill". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Kevin O'Neill

Springfield, Ohio City Commissioner
